

Warsaw, 10th of March 2010

Mr.

Olivier Servais

Director of XBRL Activities
IASC Foundation

Dear Mr. Servais,

As a President and CEO of XBRL Poland Association, together with representatives of Centrum Obsługi Kancelarii Prezesa Rady Ministrów (CO KPRM is responsible for gathering and publishing financial statements from Polish companies), we are writing to ask for taking into consideration the translation of IFRS taxonomy labels into Polish language as part of the IASC Foundation plans for 2010.

The CO KPRM plans to use the IFRS taxonomy as published by the IASC Foundations for electronic financial reporting in Poland. We believe that Polish translation of the IFRS taxonomy will foster adoption and implementation of the IFRSs in XBRL in Poland.

We hope that our letter will meet your understanding. We are looking forward to your response. Should you have any questions about the project please kindly let us know by contacting Mr Adam Walaszek (awalaszek@xbrl-eu.org).

With kindest regards,

Tomasz Wiśniewski
